DOMINICAN REPUBLIC

BOLD HOPE

MEDICAL / DENTAL / VISION / PHARMACY / CONSTRUCTION / COMMUNITY OUTREACH / VBS / CHILD SPONSORSHIP

MAY 8-15, 2027
$3,000

Living in Bateyes (sugarcane worker camps) and transitional communities, Haitian Dominicans work for incredibly low wages and live in poor conditions. They are marginalized by society and often endure a lot of racist prejudices, as a result they are overlooked and mistreated. They do not have access to good education, stable housing, running water, electricity, medical care, etc.

Our partner, Bold Hope, is committed to seeing these communities flourish, both physically AND spiritually.

We have the privilege to host a medical clinic in various communitites, share the gospel, and pray over patients. We will also help with an outreach program.

SPECIFIC NEEDS BUT NOT LIMITED TO:

Doctors, Physician Assistants, Nurses, Dentists, etc.

WARNING: YOU WILL COME TO KNOW AND LOVE THE PEOPLE THAT MAKE UP THESE COMMUNITIES.
