There are 2-3 cases of abuse documented in Sucua every day. This creates a cycle leading to alcoholism, drugs, sexual promiscuity, and disease.

Our partner at Fundacion Rescate is the only safe house within 100 miles. It serves to remove children from abusive families, restore the families to health through counseling, and teach the love of Jesus Christ.

We have the privilege to come alongside the missionaries and their staff by running a VBS with the foster care kids while they are on a break from school.

### SPECIFIC NEEDS BUT NOT LIMITED TO:

People who are fluent in Spanish and can translate.

**WARNING: YOU WILL COME TO KNOW AND LOVE THE FOSTER KIDS LIVING AT THE HOME.**
